

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

FEET OF FINES OF THE TUDOR PERIOD.

PART II.

THE YORKSHIRE
Archæological and Topographical
ASSOCIATION.

RECORD SERIES.

VOL. V.

FEET OF FINES OF THE TUDOR PERIOD.

PART II.

PRINTED FOR THE SOCIETY.

1888.

WORKSOP:
ROBERT WHITE, PRINTER.

NOTICE TO SUBSCRIBERS.

AS STATED in the Report for the year 1887, the Council have decided to issue in each year two volumes of the *Record Series*, and Volumes III. and IV. have already been issued to the subscribers for that year. For the year 1888 members will have the present volume of Fines and an Index of Wills in the York Registry from the year 1389 to the year 1514. It was originally intended to complete the Fines of the Tudor Period in three volumes of equal size. It has, however, been found impossible to carry out this intention owing to the following causes:—(1) The desire of subscribers to have at any rate part of the Index of the York Wills in print at an early date. (2) The desire of subscribers to have two volumes per annum. (3) The lack of funds caused by the small number of subscribers. Under these circumstances it has been found necessary to divide the remaining Fines into three volumes instead of into two, and to distribute them over three years. The Council exceedingly regret this necessity, as they are very anxious to get the Fines out of hand, and to proceed with the other materials which are ready for publication. They feel also that by keeping the Fines so long on hand they are trespassing unduly on the kindness of their good friend Dr. COLLINS, who is such a tower of strength to the Society, and who has not only compiled the volumes of Fines, but has undertaken to see them through the press and prepare the indexes. It seems unreasonable to keep the work so long on his hands, but unless there is a considerable accession of subscribers there is no possibility of increasing the size of the volumes.

S. J. CHADWICK,
Hon. Secretary.

DEWSBURY,
30th October, 1888.
